

## ***Yes, Mr. McMillan, I want to help support CHCA!***

- I would like to contribute to a student scholarship fund with an initial goal of \$50,000. Funds provide tuition assistance to needy families.
- I would like to help fund technology. Use my gift for new computers and software to upgrade the computer lab at either campus. Lab computers will be moved to the classroom, upgrading our classroom technology.
- I would like to help fund construction of a new press box and concession stand for our football field. All of our Warrior teams Pee Wee, Termite, Middle School, Junior Varsity and Varsity would benefit from a more modern, efficient structure bringing concessions closer to the bleachers and upgrading our press box. The old press box will be moved to the baseball field providing a much needed press box for our baseball team.
- I would like to help provide updated science tables for our science lab at the high school.
- I would like to help fund a new elementary playground apparatus at the church campus.
